Dear Sir/Madam,

My name is Robbe Vanherck, and I am a student at the Antwerp Maritime Academy.
To complete my master I am writing a thesis about *information overload* on the bridge and its connection with fatigue.
To study this subject I am looking for people with seagoing experience who can fill out a survey on this topic.

Is there a possibility the (organisation) can help me distribute this survey? Or could you let me know what other possibilities there are?
This would be the email directed to the seafarers with a link to the survey:

Dear seafarer,

My name is Robbe Vanherck. I am studying Nautical Sciences at the Antwerp Maritime Academy and now I am working on my thesis.
This will allow me to get a master's degree in Nautical Sciences. After my degree I hope to join you guys at sea as a watchkeeping officer.

This is a short survey that would only take five minutes of your time and completing it would help me greatly. The survey is aimed at people with some watchkeeping experience onboard.
The subject of the thesis and survey: *information overload* on the bridge and its correlation with fatigue.

For the link to the survey, click here.
If this doesn't work, copy and paste this link in your browser: https://forms.gle/F8E67T8jBRafyJnx8

Thank you for your time.
Have a good voyage.

Best regards,
Robbe Vanherck

Thank you for your cooperation.

Best regards,
Robbe Vanherck

E-mail voor potentiële kandidaten voor interviews

Dear sir,

My name is Robbe Vanherck and I am a master student at the Antwerp Maritime Academie.

A couple of months ago you filled out a survey for my thesis on *information overload* and fatigue on the bridge.

On the survey you left your email address for a possible follow-up interview/statement.

If you are still interested in a follow-up interview, please let me know via this email address.

The interviews will be held online of course. Further details about when and how can be discussed via email.

If you have a preferred online platform (zoom/teams/...), please let me know so I can see what is possible. Also, the interview can be done in English but also in Dutch.

If you have further questions don't hesitate to ask them.

Thank you for your participation and hopefully I see you soon.

Greetings,

Robbe Vanherck
